## HSE OFFICER

Dynamic HSE Officer with a proven track record in ensuring workplace compliance and fostering culture of safety. Holder of NEBOSH certification and extensive experience spanning over 09 years Successfully managed HSE initiatives for prominent clients, contributing to the success of diverse projects. Proficient in implementing safety protocols, conducting inspections, and delivering comprehensive training. Seeking to leverage expertise in a challenging role to drive continuous improvement in occupational safety.

## PROFESSIONAL CERTIFICATIONS

- ❖ NEBOSH IGC (UK)
- ❖ IOSH (Reg # 767563)
- ❖ EMS ISO 14001:2015 Lead auditor
- ❖ OSHA Academy General Industry H&S
- ❖ ARAMCO CERTIFIED HSE Officer
- ❖ NSC OSHA Compliance 30 Hours
- ❖ Work Permit System

## RESPONSIBILITIES

**Safety Operations Leadership:** Driving Excellence in Health, Safety, and Environment (HSE).

**Compliance:** Ensure the organization adheres to all relevant health and safety laws and regulations, keep up to date with changes in legislation and industry standards.

**Risk Assessment:** Conduct regular risk assessment to identify potential hazards and implement appropriate control measures, Review and update risk assessment as necessary.

**Policy Development:** Assist in developing and updating health and safety policies and procedures, ensure policies are effectively communicated to all employees.

**Training and Education:** Organize and conduct health and safety training sessions for employees, ensure staff are aware of safety procedure and their responsibilities.

**Incident Management:** Investigate accidents, incidents, and near misses to determine causes and prevent recurrence, report incidents to relevant authorities and maintain accurate records.

**Inspections and Audits:** Perform regular inspections of the workplace to ensure safety standards are met, conduct internal audits and recommend improvements where necessary.

**Emergency Preparedness:** Develop and implement emergency response plans and procedures, conduct regular drills and ensure employees are prepared for emergencies.

**Health and Safety Culture:** Promote a culture of health and safety within the organization, encourage employees to take an active role in maintaining a safe work environment.

**Documentation and Reporting:** Maintain accurate records of safety Inspections, training, incidents and compliance, prepare reports for management and regulatory bodies as required.

**Consultation and Support:** Provide advice and support to management and employees on health and safety matters, act as a liaison between the organization and external health and safety agencies.

**Equipment Inspection Ace:** Arranged and conducted thorough equipment inspections, guaranteeing optimal functionality and safety compliance.

**Record Keeper Extraordinaire:** Maintained a detailed record of injuries, property damage, fire incidents, and accidents involving cranes and heavy equipment.

**Transparent Communication:** Monitor contractor monthly safety reports, contributing to transparent safety communication.

**Protecting the Environment:** Implementing measures to protect the environment and minimize the organizations environmental impact.

**Proactive Reporting Strategist:** Compiled daily reports on unsafe procedures, proactively suggesting preventive measures to avert recurrence.

**Subcontractor Liaison:** Ensured subcontractors discussed safety procedures in toolbox meetings, ensuring a unified commitment to safety standards.

**Project Safety Architect:** Contributed to the preparation of project-specific site safety plans, embedding safety into every project phase.
