

CURRICULUM VITAE

Name : **Mohammed Ali Al Jahwari**

Address : P.O. Box 738, P.C. 121, Al-Hail North
Seeb, Muscat, Sultanate of Oman

Date of Birth : January 3, 1991

Gender : Male

Contact No(s). : GSM: +968.96004147

Email : mjahwari91@gmail.com

Education:

2015-2018 : **Bachelor of Science in Civil Engineering**

Coventry University

UK

2010-2015 : **Advanced diploma in civil engineering**

Al Khuwair, Muscat Governorate

Higher College of Technology

Sultanate of Oman

2008-2009 : **Diploma High School**

Abu Tammam General Education for Boys (11-12)

Al Hail, Muscat Governorate

Work Experience:

October 2024 to Present:

Al Tasnim Enterprises (Main contractor of Petroleum Development Oman (PDO))

HSE Department

Key Deliverables:

- HSE Compliance:
 - Ensure all FM activities comply with national regulations, company policies, and client HSE standards.
 - Monitor contractor and subcontractor HSE performance and plans.
 - Assist Asset leadership and Contract Holders in ensuring the effective application of the HSE Management System at project sites.
- Risk Assessment & Hazard Control:
 - Conduct HEMP activities, risk assessments and job safety analyses (JSAs) for daily operations.
 - Identify hazards and recommend appropriate control measures following the hierarchy of control.
 - Implementing behaviour-based safety (BBS) programs like STOP to improve safety performance in the projects.
- Inspections & Audits:
 - Perform regular HSE site inspections and internal audits.
 - Follow up on corrective actions and verify their completion.
- Incident Management:
 - Lead or assist in the investigation of incidents, near misses, and unsafe conditions.
 - Ensure timely reporting and documentation as per procedures.
- Training & Awareness:
 - Deliver HSE inductions and toolbox talks to staff and contractors.
 - Introduce coaching to Contractor Site HSE Advisors and Supervisors.

- Emergency Preparedness:
 - Ensure fire safety systems and first aid equipment are in place and functional.
- Documentation & Reporting:
 - Maintain accurate HSE records (permits, training logs, incident reports, etc.).
 - Submit regular HSE performance reports to management and clients.
- PPE & Safety Equipment:
 - Ensure proper use, maintenance, and availability of Personal Protective Equipment.

August 2019- October 2024

Carillion Alawi LLC (Main contractor of Petroleum Development Oman (PDO))

Road Construction Department

Civil Engineer:
Sultanate of Oman

Key Deliverables:

- Managing construction, commissioning and handover to operations for all company project execution activities related to civil scope of work.
- Enforcing the relevant safety rules at site.
- Supporting quality assurance and HSE compliance audits for construction projects.
- Reviewing civil drawings and scope and preparing site reports on the work progress using civil engineering standards and codes.
- Taking immediate corrective action to avoid any cumulative effect of any deviations and recover the delay to finish the task on time.
- Ensure that project execution activities are done based on PDO standards.
- Resolving all the technical issues with contractors and subcontractors.

- Support the training, and supervise and guide the engineers to support continuous improvements at work.
- Attending coordination meetings organized by the clients.
- Review and evaluate geotechnical and topographical surveys and their corresponding reports.
- Monitor and track the handover of civil engineering documents.

June 2018- July 2019 :

Target L.L.C Project Department - Site Engineer (Non- permanent):

KEY DELIVERABLES:

- Managing specific projects as required with direct supervision of constructing activities and management of all contract inspectors.
- Developing, administering and supervising project budgets along with schedules.
- Head responsibility to complete construction execution activities pertinent to risk analysis, evaluation, remediation and integration of data.
- Ensuring that all materials used and work performed are in accordance with the plans, specifications and HSE policies.
- Observing the process risk management procedures in the performance of the daily activities in the project site to maintain positive HSE culture.
- Contact any consultants, subcontractors, supervisors, planners, quantity surveyors and the general workforce involved in the project.
- Contact with the local authority (where appropriate to the project) to ensure compliance with local construction regulations and by-laws.
- Day-to-day management of the site, including supervising and monitoring the site labor force and ensuring that construction activities for major audits are done on time and properly.
- Plan the work and efficiently organize the plan and site facilities in order to meet major audits and agreed deadlines.

- Connect with clients and their representatives (architects, engineers and surveyors), including attending regular meetings to keep them informed of progress.

April 2017-June 2017:

North System

Muscat, Sultanate of Oman

Civil Engineering

Geographic Information Systems (GIS) AutoCAD: 2D/3D and GIS domains

- Visit the site (Al Mabeelah) to verify land use and features around krookies;
- Complete site visits and draft report.

On-job Training and Courses

18th February 2025:

Chemical Handling

30th April 2024:

Fire Warden

8th Oct to 25th Oct 2023:

NEBOSH IGC Certificate

24th – 26th of September 2023:

Managing Safety V 5.0 – iosh

5th-6th of May 2023:

HSE Incident Investigation Safety

February 2022:

First Aid Course

13th Dec 2021 –16th of Feb 2022:

English Course (Upper-Intermediate Level) introduced by Polyglot.

4th of August 2019:

HSE Orientation Training

5th of August 2019:

H2S & SO2 Awareness and Escape

August 2019:

Defensive Driving, Light vehicles, Blacktop Roads (DD01)

August 2019:

Defensive Driving, Graded Roads (DD03)

Technical Skills:

Project Planning Skill	: e.g. Managing construction projects
Technologies	: Geographic information system
Computing skills	: Good knowledge of Microsoft office software: PowerPoint, Word, & Excel & using Zoom
Language	: Arabic: Mother Language English: Fluent in writing and speaking

Soft Skills:

Teamwork	: Excellent to work in teams, planning and learning fast
Management	: Managing the time and the ability to work under pressure
Communication	: Written and Spoken Communication skills.
