

## EXPERIENCE PROFILE

Associate IT Engineer having Diploma of information technology and three years diploma of Health safety and environmental engineering, NEBOSH IGC certified with more than 07 years of experience in Health, Safety & Environment (HSE) field.

Significant experience of worked on large scale of construction projects as HSE Professional including Infra structure, tunnels, bridges, roads, earth work, commercial buildings and electromechanical work with achievements of million safe manhours / zero lost time accidents with proven track record in multinational organizations.

I have enhanced my expertise in evaluating HSE plans, risk assessments, and method statements, as well as conducting incident investigations, audits, and delivering safety training.

I excel in demanding environments, demonstrating strong organizational abilities, commitment, analytical thinking, and effective problem-solving.

**Objective:** To secure a long-term, growth-oriented role where my communication skills and HSE background can be effectively utilized and further developed.
