## MUHAMMAD MUNIR BUTT

### OBJECTIVE

I would dedicate myself to attain growth career and company's objectives through the leading industry, while being a part of it and would carry out my duties responsibly, while maintaining excellent interpersonal relationship with my fellow workers and long lasting relationship with the organization.

### RESPONSIBILITIES

As a committed **Safety Officer**, it's my responsibility to identify hazards and probable risks for the prevention of accidents by implementing safety control measures and HSE Plans. I will also be responsible for conducting HSE Induction, HSE Inspection and checking PPE while maintaining good housekeeping. Providing training and mock drills will also help employees to perceive the need for caution. I will encourage employees to report incident immediately to furnish reactive monitoring and will debrief employee's issues to maintain positive safety culture. For monitoring our performance, I will conduct meeting schedules and Audits.

### EXPERIENCE

#### SEMESTER PROJECTS:

(Engineering Drawing, 1 <sup>st</sup> Semester)		(Fluid Mechanics, 3 <sup>rd</sup> Semester)
Advance Designing of Pipe Joints		Automatic Water Filling Machine
(Control Engineering, 6 <sup>th</sup> Semester)		(Final Year Project, 7 to 8 <sup>th</sup> Semester)
