Nationality: Pakistani

As an HSE Officer, my objective is to impart the fullest of my abilities in ensuring that all the people involved in the company comply with the health, safety, and environmental protocols. My years of experience as HSE Officer has broadened my understanding and enhanced my skills in conducting risk assessment programs as well as developing risk mitigating methods. Among my aims is to ensure that every employee is well equipped to respond to emergencies by designing and conducting regular drills. I also aspire to constantly improve my administrative abilities and to cultivate the safest working environment possible for all.
