Riyadh, Saudi Arabia | +9660569191548 | [ahmedelsaidy2811@gmail.com](mailto:ahmedelsaidy2811@gmail.com) | [LinkedIn](#)

## Career Summary:

Dedicated and highly skilled Environmental, Health, and Safety (EHS) Manager with ten years of extensive experience leading high-profile projects across diverse industries, including construction, manufacturing, and Oil&Gas. Adept at developing and implementing strategic EHS policies, driving compliance with international standards, and fostering a safety and environmental responsibility culture. Proven track record in managing complex, multi-disciplinary projects such as SCCT New Platform Expansion, Alamein Downtown High-Rise Buildings, and Theatre in Jeddah. Committed to delivering innovative safety solutions, mitigating risks, and enhancing operational efficiency to support organizational goals and sustainability initiatives. Experienced in navigating complex regulatory environments, ensuring adherence to local and international safety standards, and proactively managing compliance challenges. Known for successfully leading and mentoring cross-functional teams to instill a culture of safety and environmental accountability at all levels. Eager to leverage expertise in EHS management, regulatory compliance, and continuous improvement in a challenging leadership role.

## Core Competencies:

● Environmental Compliance	● Safety Policies	● Safety Training
● Health and Safety Regulations	● Environmental Impact	● Process Optimization
● Risk Assessment	● Hazard Identification	● Risk Mitigation
● Safety Audits	● Root Cause Analysis	● Safety Performance Metrics
● Incident Investigation	● Safety Management System (SMS)	● Emergency Response
● EHS Programs	● Environmental Stewardship	● PPE (Personal Protective Equipment)
● OSHA Standards		

## Notable Projects

**AITCO Projects as EHS Manager:** Managed Venue Site (completed July 2024), EVIQ Projects (August 2024 – present), and Prototype Building (April 2024 – present) and Extension of Arena (Al-Helal Stadium).

**Theatre in Jeddah:** EHS Manager for AITCO's construction, steel structure, and MEP works, March 2024 – June 2024.
